<p>Mediation Style</p>	<p>I believe parties have their own perspectives and within these differing perspectives, a set of terms exist which are mutually acceptable to all parties. I emphasize the understanding of perspectives, gathering information, creating options, case evaluation, reality check, and then encourage the parties to arrive at a resolution.</p> <p>As appropriate, I will utilize both facilitative and evaluative skills to help the parties reach an informed and truly voluntary agreement. Lawyers are an integral part of the mediation. I actively engage parties and lawyers to take a decision through self- determination.</p> <p>I am fully invested in my mediations - when I mediate, the case is on my mind until it resolves.</p>
<p>Mediation Experience</p>	<p>I have been a mediator since 2007, working full time since 2010.</p> <p>I have mediated several hundred cases with a settlement rate of over 80%, covering complex commercial disputes such as company, breach of contract, construction, intellectual property, partnership, disputes between members of society/association, employer/employee, vendor, banking, developer/owner, landlord/tenant, property, family, matrimonial and other civil disputes.</p> <p>I have Co-mediated sensitive cases with former Judges of the Supreme Court of India.</p> <p>As Founding Coordinator of the Bangalore Mediation Centre, the court annexed mediation program of the High Court of Karnataka, I was responsible for setting up and overseeing the effective working of the Mediation Centre. The BMC is acclaimed as one the most successful court annexed mediation programmes in the country.</p> <p>As Founder of Centre For Advanced Mediation Practice, I have established a pioneering institution in India, that is providing private mediation services through a panel of highly qualified and trained legal professionals. I routinely train lawyers and</p>
